Bug-a-Paluzza 15 Update

The show sponsor packet is being updated for Bug-a-Paluzza 15 next year. We should hopefully be receiving a collection of rods from Ed's Foreign Car Parts in Alabama. Our next planning meeting will be Thursday night, September 13th at the Teriyaki House in East Ridge.

From the Prez

What to write about? Hmm...Well as a member for over ten years, all of our long-term members have stories to tell. In this article, I don't think that I am going to tell any of them. What I am going to do is ask our younger (meaning newer, not younger as in age) members to get involved in the club. In the past, and even the near past, the club has been accused of having a "clique". I disagree with that, but when I put the shoe on the other foot and take a step back, I can see what they are talking about. It seems that there is a "clique" in the club. However, there really is not one. What we actually have is a group of people that came into the club about the same time and have been around each other for a long period of time. As with any group of people who have been together for a while, whether it's on the job, at school, or even in sports, they get know a lot about each other and get comfortable around each other...sometimes too comfortable. It's like a family - an extended family.

My point to all of this is that if it seems that we speak to each other and we know what the other is thinking, it's probably because we do to an extent. So please don't feel left out. It's not intentional.

One of my hopes is that those of you that are newer to the club will, after some time, be more comfortable around us and become part of our extended family, in fact we encourage it.

If for any reason you have a problem, feel free to call me or after a meeting, pull me aside and talk to me. I'm hoping that our club can grow in numbers, but most importantly with motivated people who can help move our club to the next level. Hope I didn't confuse or lose anyone in all my ramblings.

Until next month...Enjoy the Show!
